

How to Read the 2002-2003 Elementary School Report Cards

ACCOUNTABILITY INFORMATION REQUIRED BY THE FEDERAL NO CHILD LEFT BEHIND ACT

The information below is used to determine the Adequate Yearly Progress designation for your school. A school is designated as *Not Meeting AYP* if any indicator is determined to be *Not Met*. The Student Achievement and Student Participation ratings are based on 2001-2002 and 2002-2003 Oregon Statewide Assessments for the students at your school identified as enrolled for a full academic year. The statewide goal for the minimum percentage of students expected to meet or exceed standards is 40.0% in English/Language Arts and 39.0% in Mathematics. Student Participation is expected to be 95.0% or greater. The statewide goal for the minimum graduation rate is 68.1%. The statewide goal for the minimum attendance rate is 92.0%. For more information, please view documents at www.ode.state.or.us/nclb/ayp/index.asp

LOCAL INFORMATION PROVIDED BY YOUR SCHOOL OR DISTRICT

Sample Elementary School

1 Student Achievement

To meet each student achievement requirement, the student group must meet the statewide academic target or reduce the percentage of tests not meeting standards by 10%.

2 Attendance

If attendance rates for 2001-2002 or 2000-2001 and 2001-2002 combined is greater than or equal to the attendance target of 92.0%, the attendance rating is *Met*.

Local information included on this page of the report card was written and produced by the local school or district. The Oregon Department of Education did not write, edit, or endorse the displayed information.

How to Read the 2002-2003 Elementary School Report Cards

1 Federal Adequate Yearly Progress Rating

The No Child Left Behind Act requires the annual determination of whether schools, districts, and the state have made adequate yearly progress (AYP) toward the goal of having all students meet rigorous state academic standards by the 2013-2014 school year. Each year, the performance of all students in the school and district, as well as subgroups of students, is measured against annual performance targets.

If all groups meet the targets in English/Language Arts and Mathematics, and the school meets the target for attendance, the school is designated as *Meeting AYP*. If any target is not met, then the school is designated as *Did Not Meet AYP*.

A school or district that does not meet AYP should not be labeled as failing. The description of not meeting AYP signals that the school or district as a whole, or one or more subgroups of students, is not "on track" for meeting the national goals for student achievement by the target year of 2014. The school or district as a whole may have strong academic performance, but the designation may be based on a single factor or a single subgroup.

2 Oregon Report Card Overall Rating

The Overall Rating is based on component ratings. The **Student Performance Rating** is determined by averaging the results of the 2001-2002 and 2002-2003 Oregon Statewide Assessments in Reading and Math Knowledge and Skills. The **Student Behavior Rating** is determined by averaging the attendance rates for the 2001-2002 and 2002-2003 school years. The **Improvement Rating** is based on changes in assessment results and attendance rates during the last four school years. The **School Characteristics Rating** is based on participation in Oregon Statewide Assessments during the 2002-2003 school year.

3 Testing Participation School Characteristics Rating

The School Characteristics Rating is based on the percentage of students participating in 2002-2003 Oregon Statewide Assessments in Reading and Math Knowledge and Skills. The table shows the participation in statewide assessments for the school and state. Students who participated are included. Students who were absent or refused to be tested are included in the percentage not assessed.

4 School Size

This table shows the average number of students enrolled in the school during the 2002-2003 school year. School size is calculated from quarterly ADM reports sent by each school district to the Oregon Department of Education.

5 English Language Learners

This table shows the percentage of the school population enrolled in English as a Second Language programs. Data are collected from each school district on the Annual School Fund ESL reports.

Dear Parents and Community Members, January 29, 2004

The Oregon Department of Education is proud to issue the fifth annual school report card. As Oregon schools and districts continue to face many challenges, educators remain committed to providing the highest quality education for Oregon students. This year you will find two ratings displayed on this report card: an Oregon rating and a federal rating required by the No Child Left Behind Act. The report card is not meant to tell you everything about your school, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for Oregon's children.

6 Elementary Class Size

This table shows the number of classes at the school by size of classes. School and state percentages are also displayed. Data are collected from each school or district on the Self-Contained Class Size reports.

7 Expulsions

This table shows the number of expulsions due to weapons. The numbers for the school and the state are displayed. Data are collected from each school district on the Expulsions reports.

8 Staffing

This table shows the number of administrators, teachers, instructional assistants, and other staff in the school. The number of teaching staff members with a master's degree or higher and the average number of years of teaching experience are shown. Data are collected from each school district on the Certificated Staff and the FTE of School Level Staff reports. FTE is an acronym for *full-time equivalent*.

9 With Emergency or Provisional Credential as of November 25, 2003

Refers to a percentage of licenses held by teachers in the school. The emergency or provisional licenses are a category of all teaching licenses issued by the Teacher Standards and Practices Commission.

10 Classes Taught By Teachers Who Meet Federal Definition of Highly Qualified Teacher

Refers to the percentage of core content classes taught by teachers holding licenses that meet the definition approved under the No Child Left Behind Act. Core content classes include English, reading/language arts, mathematics, science, foreign languages, social studies, and the arts. In a self-contained classroom setting, teachers must also meet specific licensure qualifications.

7 Student Group

Statewide Assessment results are displayed for the student groups required by the No Child Left Behind Act.

8 Student Participation

Percentages in Student Participation include all students in the school who participated in the 2002-2003 Oregon Statewide Assessments in Reading and Math Knowledge and Skills. Students who were absent or refused to be tested are included in the percentage not tested. If a student's parents provided written refusal of consent for the student to be tested, the student's non-participation is included in the percentage not tested.
